

WINDOOR CARE-SET

FOR WINDOWS AND DOORS MADE OF WOOD,
ALUMINIUM & PVC

Paint runs through our veins.

WINDOOR CARE-SET SYSTEM MAINTENANCE

To ensure that your windows and surfaces retain their original beauty.

// System maintenance

ADLER Top-Cleaner (cleaning)
ADLER Top-Care (care)

// Areas of application

Transparent and opaque coated windows and doors made of wood, aluminium and PVC as well as garden furniture with varying degrees of matt and gloss finish

// Apply once or twice a year to give your windows and doors increased durability

// Seals the finest cracks and pores in varnish and glaze films

// Water, oil and dirt repellent

// Can be painted over with no trouble

// Not suitable for repairing existing surface damage (e.g. damage caused by hail) or for high-gloss surfaces

CONTENTS

ADLER Top-Cleaner 250 ml
ADLER Top-Care 250 ml
2 spray heads
1 yellow cleaning cloth (ADLER Top-Cleaner)
1 blue maintenance cloth (ADLER Top-Care)

Item no. 722900030017

APPLICATION

Pre-clean any heavily soiled surfaces using warm water and mild detergent. Apply ADLER Top-Cleaner all over your surface with the yellow cleaning cloth and rewash the surface with clean water.

Apply a thin layer of ADLER Top-Care to the dry surface with the blue maintenance cloth and wipe off. Wash out the cleaning and maintenance cloths afterwards using clean water and soap.

Application

1 or 2 times a year

Drying time

approx. 1 hour (non-sticky)

Yield

about 10 m² with 250 ml

For more detailed information regarding processing, please follow the instructions in the technical data sheet for WinDoor Care-Set.
